

TECHNICAL SPECIFICATION

OVEN CLEANER & DEGREASER

Oven Cleaner & Degreaser is a mild alkaline liquid suitable for manual cleaning of heavily soiled surfaces in the kitchen and aircraft galley. The ready-to-use product can be used to remove all types of grease and dried-on residues from kitchen equipment such as ovens, grills, cooker hoods and interiors of dishwashing machines. Due to its special composition, the non-caustic formulation can be applied on most plastics and metals (including aluminium).

CERTIFICATION ASTM F483
Total Immersion Corrosion Test for Aircraft Maintenance Materials

PROPERTIES

| | |
|-------------------------|----------------|
| Physical state at 20°C | Liquid |
| Colour | Clear, Yellow |
| Odour | Characteristic |
| pH value | > 12,0 (neat) |
| Solubility in water | Completely |
| Relative density (20°C) | ≈ 1,03 |

AVAILABLE IN 🇪🇺 2 litre spray bottle
(foam trigger spray)

SAFETY

For professional use only.
Store in original closed containers away from extremes of temperature.
Review the Safety Data Sheet (SDS) before use.
Shelf life: 36 months

APPLICATION

- The product is used neat.
- Ensure that the temperature is lower than 70°C.
- Spray the product on the surface with the foam trigger.
- Leave for 10 - 30 minutes depending on soiling degree.
- Remove loose deposits with scourer.
- Rinse with clean water
- Allow to air dry.
